INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Rhode Island Health and Educational Building Corporation
Providence, Rhode Island

We have audited the accompanying financial statements of Rhode Island Health and Educational Building Corporation (the "Corporation") as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Corporation, as of June 30, 2014 and 2013, and the respective changes in net position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

The Management's Discussion and Analysis on pages 3 through 6 is not a required part of the financial statements but is supplementary information required by United States of America generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2014 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

RHODE ISLAND HEALTH AND EDUCATIONAL BUILDING CORPORATION

Management's Discussion and Analysis

The following discussion and analysis offers readers of Rhode Island Health and Educational Building Corporation's (the "Corporation's") financial statements a narrative overview of the financial position and activities of the Corporation for the fiscal years ended June 30, 2014, 2013 and 2012. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes, which are separately provided.

The Corporation provides tax-exempt bond and lease financing for private, non-profit, healthcare and educational institutions in the state of Rhode Island. The debt obligation and payment is the sole responsibility of the non-profit borrowing institution and is not the obligation of the Corporation.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Corporation's basic financial statements. The Corporation's basic financial statements are comprised of three components: 1) the financial statements, 2) the notes to the financial statements and 3) other supplementary information.

The Financial Statements - The financial statements provide both long-term and short-term information about the Corporation's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of other supplementary information that further explains and supports the information in the financial statements.

These financial statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units on an accrual basis. Under this basis, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and depreciation of assets is recognized in the Statement of Revenues, Expenses and Change in Net Position. All assets and liabilities associated with the operations of the Corporation are included in the Statement of Net Position.

Operating Activities: The Corporation is limited to providing services only to qualified health care and educational institutions. Therefore, the Corporation anticipates fluctuations in revenues and expenses related to the providing of these services. The Corporation anticipates it will continue to serve a significant role in assisting both health care and educational institutions in constructing and improving their facilities.

The Corporation generates revenue from semi-annual and annual administrative fees based on the outstanding principle amount of the bonds. The Corporation receives interest income on outstanding loans made to eligible institutions and on investments. Interest income on investments accrues to the benefit of the program for which the underlying source of income is designated.

RHODE ISLAND HEALTH AND EDUCATIONAL BUILDING CORPORATION

Notes to the Financial Statements

June 30, 2014 and 2013

Note 1 - Summary of Significant Accounting Policies

Organization

Rhode Island Health and Educational Building Corporation (the "Corporation") is a related organization of the State of Rhode Island (the "State") for financial reporting purposes. The purposes of the Corporation are to aid eligible institutions in the educational and health care fields in Rhode Island gain access to capital, remain proactive in developing cost-effective programs, offering staff assistance, and providing technical resources that benefit these institutions.

In accordance with the standards for component units as promulgated in GASB 61 *The Financial Reporting Entity*, the State of Rhode Island informed the Corporation that it did not meet the revised definition of a component unit. As a result, the Corporation's results of operation and financial position are not incorporated in the State's Annual Financial Report.

The Corporation is a related organization of the State. The State is not financially accountable for the Corporation even though it appoints a voting majority of the organization's governing board.

Basis of Presentation

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB). The Corporation's financial statements are prepared in accordance with generally accepted accounting principles as practiced in the United States of America (US GAAP).

The Corporation has determined that it functions as a business-type activity as defined by GASB. The basic financial statements and required supplementary information for general purpose governments consist of management's discussion and analysis, basic financial statements and required supplementary information.

The principal operating revenues of the Corporation are administrative fees relating to various bonds and notes outstanding, which are recognized as revenue as of the periodic billing date. Operating expenses consist predominantly of administrative expenses, which are recognized as incurred. Certain other transactions are reported as non-operating activities in accordance with GASB Statement No. 35. These non-operating activities primarily consist of gains or losses relating to investments or disposals of fixed assets.

Notes to the Financial Statements - Continued

June 30, 2014 and 2013

Note 1 - Summary of Significant Accounting Policies - Continued

Net Position

Resources are classified for accounting purposes into the following categories:

Investment in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, repair, or improvement of those assets.

Unrestricted: All other categories of net position. Unrestricted net position may be designated by actions of the Corporation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Equivalents

The Corporation has defined cash and equivalents to include cash held at various institutions and all highly liquid investments with maturities of three months or less.

Investments

Investments are stated at fair value. The Board of Directors approves all investments of the Corporation. The Board's policy is to invest in securities with an A-1 credit rating or greater, and a maturity of less than two years.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Allowances for potential credit losses are determined by considering the financial condition of its customers and other economic factors affecting the customers and their industries. As of the balance sheet date, management is of the opinion that an allowance for doubtful accounts is not necessary.

Prepaid Expenses

Prepaid expenses consist of payments related to insurance and deposits for the years ended June 30, 2014 and 2013.

Capital Assets

Capital assets include furniture and fixtures, and office and computer equipment. In accordance with the Corporation's policy, a \$1,000 threshold is utilized for capitalizing assets. Capital assets are depreciated on a straight-line basis over their estimated useful life of five years. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

The Corporation does not have collections of historical treasures, works of art, or other items that are inexhaustible by their nature and are of immeasurable intrinsic value, thus not requiring capitalization or depreciation in accordance with GASB guidelines.

Compensated Absences

Employees earn the right to be compensated during absences for vacation and sick leave. Accrued vacation is included in accrued expenses at June 30, 2014 and 2013. Upon retirement or termination, employees are compensated for all accumulated unused vacation leave. At June 30, 2014 and 2013, compensated absences totaled approximately \$52,000 and \$45,000, respectively.

Tax Status

The Corporation is a related organization of the State of Rhode Island and is therefore generally exempt from income taxes under Section 115 of the Internal Revenue Code.

New Governmental Accounting Pronouncements

GASB 69, *Government Combinations and Disposals of Government Operations* is required for periods beginning after December 15, 2013. This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this Statement, the term *government combinations* include a variety of transactions referred to as mergers, acquisitions, and transfers of operations. Management is in the process of reviewing this statement and its potential effect upon their financial reporting. It does not expect any material impact.

Note 2 - Conduit Debt

Since its inception, the Corporation has issued various series of bonds and leases to finance capital expenditures for Rhode Island educational institutions, hospitals, and health care providers. The bonds, notes and leases are special obligations of the Corporation payable from revenues derived solely from the institution for which the project was financed. The bonds, notes, and leases do not constitute a debt or pledge of faith and credit of the Corporation or the State of Rhode Island, and accordingly have not been reported in the accompanying financial statements.

At June 30, 2014 and 2013, the bond issues and leases outstanding are as follows:

Interest Rate Risk

It is the Corporation's policy to limit the length of its investment maturities in order to manage the exposure to fair value losses arising from increasing interest rates.

Credit Risk

The Corporation has managed its exposure to credit risk by investing in obligations that are issued by the U.S. Government or implicitly guaranteed by the U.S. Government.

The City of Central Falls ("City") General Obligation Bonds are rated as Caa1. The City filed a Chapter 9 bankruptcy petition during fiscal year 2012. The State of Rhode Island has passed legislation to give priority to bond payments and has the ability to intercept aid to mitigate potential bondholder losses. Due to these factors management has determined an allowance for uncollectable general obligation bonds is not necessary at this time.

Note 3 - Investments - Continued

Concentration of Credit Risk

As a result of its policy to manage credit risk, the Corporation's investments are concentrated in U.S. Government guaranteed issues, municipal obligations and certificates of deposit.

Note 4 - Net Position Designations

The Board of Directors of the Corporation (the "Board") has designated certain unrestricted net position of the Corporation for the years ended June 30, 2014 and 2013 as follows:

Self Insurance

The designation was established to provide for the deductible exclusion for existing Corporation insurance policies. The Board designated \$1,000,000 of net position for self insurance at June 30, 2014 and 2013.

Operating Reserves

This designation was established to provide for expenditures incurred as a result of operating contingencies. The Board designated \$1,500,000 and \$1,000,000 of net position for operating reserves at June 30, 2014 and 2013, respectively.

Financial Assistance Program

The Board designated \$7,500,000 and \$7,250,000 of net position for the financial assistance program at June 30, 2014 and 2013, respectively.

RHODE ISLAND HEALTH AND EDUCATIONAL BUILDING CORPORATION

Notes to the Financial Statements - Continued

Note 5 - Cash and Equivalents

Custodial credit risk is associated with the failure of a depository financial institution. In the event of a depository financial institution's failure, the Corporation would not be able to recover its balance in excess of amounts insured by the Federal Deposit Insurance Corporation (FDIC). It is the Corporation's policy to limit its exposure to custodial risk for deposits by maintaining deposit accounts in several institutions in order to maximize coverage by the FDIC. Deposits in the bank in excess of the insured amount are uninsured and uncollateralized. At June 30, 2014 and 2013, the carrying amount of the Corporation's deposits, which reflect outstanding checks, was \$332,804 and \$837,487, respectively. At June 30, 2014 and 2013, the Corporation had total deposits of \$410,860 and \$885,207, of which \$385,666 and \$485,440, respectively, were covered by the FDIC. These bank balances reflect FDIC insurance and guarantee programs in effect during 2014 and 2013.

Under Rhode Island general laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum insure or pledge collateral equal to one hundred percent of the deposits, which are time deposits with maturities greater than sixty days. Any of these institutions, which do not meet minimum capital standards prescribed by Federal regulators, shall insure or pledge eligible collateral equal to one hundred percent of the deposits, regardless of maturity. At June 30, 2014, the Corporation's had no uninsured or uncollateralized deposits.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Rhode Island Health and Education Building Corporation
Providence, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Rhode Island Health and Education Building Corporation (the "Corporation"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Corporation's basic financial statements, and have issued our report thereon dated September 18, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
